#### **About Yeoman Capital:**

- Yeoman Capital is a value, long-only fund manager with an absolute return orientation and time horizon of at least 3-5 years. We manage an AUM of close to S\$200m as at November 2018.
- We have a track record of over 20 years investing in Asia ex-Japan small-cap equities with our "3-Rights" approach (Right Business, Right Price and Right Management). We serve a niche market of high net-worth individuals, family trusts, investment companies, private foundations and institutional funds.
